

*Heating bills high?
House cold all winter?*

You may be eligible for **FREE** assistance that will lower your bills for years to come!

The Bucks County Opportunity Council's Energy Conservation and Weatherization Assistance Program may be able to save you money and make your home more comfortable in the winter and summer by:

- **Finding and reducing the sources of heat loss which saves money every winter and summer.**
- **Maximizing the efficiency of your heating system and furnace.**
- **Helping you get the most from heating and air conditioning systems and other appliances.**

Eligibility for this free service is based on household size and income. For example, one person may qualify if their annual household income is at or below \$21,660 and a family of four may qualify if the household income is at or below \$44,100. Both homeowners and renters are eligible to apply for the program.

To determine eligibility, apply for a free inspection or for more information call:

215-529-1663

Funding for the Energy Conservation and Weatherization Assistance Program (WAP) is provided by the federal government through the Department of Energy, Office of Building Technology, State and Community Programs and the Low Income Home Energy Assistance Block Grant. WAP is administered statewide by the Pennsylvania Department of Community and Economic Development and in Bucks County by the Bucks County Opportunity Council.
